

MR. SCHULTZ WILL FIGHT.

Won't Pay Georgine's \$25,000 Damages Until Compelled.

Miss Waters and Her Father Happy Over the Big Verdict.

Louis Schultz, the wealthy elderly business man, late of the Excelsior Quilting Company, who has been indicted in the sum of \$25,000 for trying with the affections of Georgine Waters, of 222 Sixth avenue, kept himself very quiet this morning.

He was not to be found at his home or at either of his law offices, but it was said to his belief that he would contest the verdict up to the highest court.

The \$25,000 awarded to Miss Waters is the largest sum ever awarded to any one in a city court, and the most unobscured claim applied to a wounded child in breach of promise proceedings since "Honey" Clara Campbell was awarded \$45,000 from "Baby Bunting" Arceche in Supreme Court in 1888.

Schultz himself was the last witness. He contradicted point blank all of Miss Georgine's sister's, her mother's, her father's, her brother-in-law's and her own testimony. He declared that the diamond ring which she and her parents said he placed on her finger to seal their engagement, was loaned to her to wear because Mr. Schultz's own proper finger had waxed too fat and the jeweled band was too tight for it.

The jury retired at 5 o'clock. It stood ten for sums of damages from \$10,000 up to the full \$25,000 asked. The other two thought \$10,000 was all the right Miss Georgine's maiden affection had suffered.

At 10 o'clock they came to an agreement on \$25,000. The friends of the plaintiff gathered around her and woman-like, expressed their joy by crying while she wept on the shoulder of her mother.

Schultz's counsel, Mr. Yeaman, got twenty days in which to prepare an appeal, and the case will go through all the courts. Judge Williamson decreed that Schultz should pay an extra \$10,000 to the lawyers for his Georgia.

Miss Waters declined to see a reporter today, but her father was beaming with happiness and said she was feeling happy, too.

WOMAN'S REFORMATORY BILL.

Assemblyman Sulzer's Measure Passed and Sent to the Governor.

Both houses of the Legislature have approved the bill introduced by Assemblyman William Sulzer, who was assisting in his labors for the women of this humane measure.

The provisions of the bill remain the same as previously described in THE EVENING WORLD, with the exception that King's County was eliminated from its provisions and Westchester County substituted.

The sum of \$100,000 is appropriated for the establishment of the proposed house. The bill now goes to the Governor, and will doubtless receive his signature.

There are two other reformatories for women in the state. New York City needed such an institution, where women who have committed a first offense could be sent and possibly be reformed, and where they would not come in contact with old and hardened criminals.

At present, young and old female offenders are crowded together on Blackwell's Island, and the effect of this confirms the evil habits of those just entering upon lives of crime.

PARIS POLICE MAY STRIKE.

Then the Military Will Have to Preserve the Peace on May Day.

Hitch Over the New Italian Ministry—General Cable News.

PARIS, April 21.—The outlook for May Day took on a new aspect today.

The *Die Neue Presse* publishes a proclamation, signed by a number of policemen, in which they detail at length their grievances, and threaten to strike on the eve of May Day unless their wages are increased. The anarchists are in high glee at this development, and some of the more enthusiastic of them claim that it would take little argument to induce many of the policemen to join their ranks.

It is hardly believed, however, that any trouble will occur with the police, as it is thought that some of the matters of which they complain will be corrected.

In any event, no apprehension need be felt, for the government has arranged for the presence of a military force in Paris and the immediate vicinity that will be strong enough to put down any outbreak short of a general revolution.

The police are believed by many to be taking advantage of the feeling of uneasiness to make claims that at any other time they would not have thought of.

NINE DEAD, FIFTEEN MISSING.

Fatal Fire in a Tenement-House in St. Petersburg.

ST. PETERSBURG, April 21.—A blaze was discovered yesterday in a three-story tenement that was occupied by a large number of people.

The building was quickly gutted, and when a search was made of the ruins it was found that nine of the occupants had been burned to death.

Fifteen others are missing, and it is thought that they are buried beneath the debris.

Many were hurt by jumping from windows, escape by the stairs being cut off.

Wedding of Col. Post and Miss Pulse, of New York, in London.

LONDON, April 21.—At half-past 2 this afternoon the marriage was celebrated at St. Margaret's Church, Westminster, of Major James C. Post, Military Attaché of the American Legation here, and Miss Annie Maxwell, only daughter of Mr. J. T. Pulse, of New York.

There was present an influential representation of the American colony in London.

The bride was attired in a gown of white satin duchesse, with a long train, bordered with a small ruche of white satin and tulle, above which was a garland of white jasmine, cut over, with sprays of orange blossoms.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

The bodice was high, with a drapery of point lace.

The bride was accompanied to the altar, where her father gave her away, by two pretty, attractive child pages, the son and daughter of Commander Emory, the Naval Attaché of the Legation.

The Dean of Gloucester, an old friend of both families, performed the marriage ceremony, and Mr. Larz Anderson, the second Secretary of the Legation, accompanied Major Post as best man.

The reception took place at 80 Curson street, Mayfair, and the honeymoon is to be spent in England.

Mrs. Montagu Removed to the Lendonderry Prison To-day.

DUBLIN, April 21.—Mrs. Annie Margaret Montagu, who on April 4 was sentenced at the Dublin Assizes to one year's imprisonment at hard labor for causing the death of her three-year-old daughter Helen, was taken to the Lendonderry prison to-day.

Since the sentence she has been confined in the Dublin Detention Prison, her condition being such as to forbid her removal until to-day.

Hitch in the Formation of a New Italian Ministry.

ROME, April 21.—There is a hitch in the formation of the new cabinet owing to Sig. Nicotri's scruples about accepting the war portfolio and at the same time adopting the proposed policy of retrenchment.

Sig. Nicotri had conferences yesterday with Sig. Rudini and King Humbert, but the outcome is not known.

FOUND A PRETTY BABY.

It Had Been Abandoned on a Harlem Doctor's Doorstep.

POLICEMAN Black, of the East Eighty-eighth street squad, found a little sister tonight this morning on the stoop of Dr. Andrew J. Richardson's house, 39 East Eighty-third street, an abandoned boy baby, which is now in the care of Matron Travers at Police headquarters.

The baby is not more than a week old, and is a remarkably beautiful child. He has dark eyes, blue-black hair, is apparently healthy, and was clad in a very pretty white shirt. There was no message or note found with it.

Political Potpourri.

Chris Magee, of Pennsylvania, says Secretary Blaine's expression to him regarding the Presidential candidacy was: "I would not accept a nomination if it were made on me on a silver salver."

The Massachusetts Republicans at their State Convention yesterday elected delegates to National Convention and endorsed Harrison's Administration.

Indorsement of Harrison's administration and Blaine's Republican leadership was one of the planks of the platform adopted at Pennsylvania Republican State Convention yesterday.

The Republicans of Toga County, N. Y., at their Convention yesterday, elected unopposed delegates, and did not commit Harrison. This is Mr. McGee's county.

Lewison, Branch, Alagan, Iron, Ottawa and Dickinson Counties, Mich., have instructed for Cleveland.

William Henkel, Republican leader in the Sixteenth District, denies that he knifed his friend Barney Biglin in the Convention which defeated Biglin for delegate to the National Convention at Minneapolis.

Ex-Director Oakley, of the Central Park Zoo, has sailed for Europe. The Commissioners of Agriculture who investigated him will be ready to report in less than ten days, Mr. Oakley says.

The Mitchell-Hill feud will have another airing. It will be made the subject of a report by Chairman Brookfield at the meeting of the Republican County Executive Committee to-night.

Mr. Brookfield said that the fight having been settled the Committee would report the facts.

LOCKED UP THE TREASURER.

A Forester's Court Accuses De Lary of Embezzlement.

He is Held in Jersey City in Default of \$2,000 Bail.

John J. De Lary, ex-Treasurer of Court Littlejohn No. 5,000, benefit branch, Ancient Order of Foresters of America, is to-day committed in default of \$2,000 bail in Justice Weed's court, Jersey City, charged with embezzling \$705.95 belonging to the Court.

De Lary was arrested late yesterday afternoon on a warrant issued by Justice Weed, and on the complaint of Thomas Hourigan, Chairman of a committee of members of the Court appointed to investigate the ex-treasurer's accounts.

When arraigned to-day De Lary would neither affirm nor deny the truth of the charge against him. He declared, however, that as he had furnished bonds in the sum of \$300 while custodian of the Court's funds, he had not received salary, which he was entitled to under the law, and he would in consequence put in a claim of \$700 for services.

Unless De Lary demands a hearing before to-morrow morning he will then be sent to the county jail to await the action of the Hudson County Grand Jury.

De Lary is well known in Jersey City. He is about forty-two years old, is married and is a public truckman by occupation. His home is at 346 Grove street.

The charge of embezzlement has engendered the attention of Littlejohn Court of Foresters for several months, and the findings of the Committee of investigation have been practically discounted.

De Lary was treasurer of Littlejohn Canal since 1889 until a few days ago. The alleged defalcation of \$705.95 occurred during that time. He was collector as well as custodian of dues and assessments from members, and his alleged apparent slipshod methods in the making up of his accounts, together with his absence from meetings, caused suspicion, and a demand was made upon him for an accounting.

The Treasurer's explanation was unsatisfactory, and an investigation showed that in one particular instance he had failed to pay the death benefit to a family where the member had died several months previous.

Littlejohn Court is one of the largest district branches in the Order of Foresters. It meets in Grove street, and has a membership, it is said, of several hundred residents of Jersey City.

De Lary had not secured a bondsman at noon to-day.

THE DEAD MAN DIDN'T LET GO.

By-Standers Had to Break His Grip of His Slayers's Throat.

A Terrible Tragedy and Big Fire in Panama.

PANAMA, April 13.—On Friday night, April 13, Policeman No. 73, of the Culebra section of the Canal property, saw a small blaze in one of the houses of the Company's machine shop. He gave an alarm and brought out the whole local population.

In an hour seventeen houses were destroyed and a quadrangle of about 100 meters by 300 was swept clean of everything of a combustible character.

Water was scarce, and pumps brought from Panama and Emparador could not be used.

The only hope was to prevent its spread to the fire to the most valuable portion of the Canal Camp, on the crest of the hill. The canteen, which connected the lower and upper portions of the town, was soon demolished with axes and tools of all sorts. Several times the canteen caught fire, but this was extinguished.

The railroad buildings and the canal magazine alongside were saved.

The people helped themselves to goods and liquors instead of helping the firemen, which gives rise to the suspicion that the fire was of incendiary origin and that robbery was the motive.

While the fire was raging, a frightful tragedy took place. A dance was in progress and the usual quantity of rum was indulged in by the assembled men. Two Jamaicans named Anderson and Yeaman got into a fight and Anderson threw Yeaman from the balcony, whereupon the latter drew a knife and plunged it into his assailant's back. By-standers had to release the murderer from the dead man's grip. Anderson was captured.

SWEATER SHOPS MUST GO.

The Factory Bill Awaiting the Governor's Signature Will Settle Them.

Senator Roess's Factory bill only awaits Gov. Flower's signature to become a law when the "sweating shops" of the metropolis will receive what bids fair to be their death-blow.

The new bill prohibits the use of apartments in tenements or dwelling-houses for "sweating" purposes, except by the immediate members of the family living therein, and the employment of persons by any manufacturer or contractor in such places, except by the written permission of the Factory Inspector or his assistant or deputy.

In regard to the cleanliness of the premises, the bill requires that no less than 250 cubic feet of air space be allowed for each person. And that the ceilings in each workroom of every manufacturing shall be lime washed or painted.

Safeguards are also required to be placed about dangerous machinery and more commodious fire-exits are prescribed.

The bill also provides that no person under eighteen years old shall be allowed to operate machinery.

Heretofore an employer could announce in the morning that he would require his employees to work until late at night. The new bill requires that such announcements be made on the first day of the week, and the entry books of extra work are to be regularly kept and open to inspection at all times.

A violation of any of the provisions of this law will constitute a misdemeanor, and is said to be constitutional in every line.

WANTS A SEPARATION.

Mrs. E. J. Woolsey Said to Have Begun Suit Against Her Husband.

Suit has been begun by the wife of E. J. Woolsey, executor of the Woolsey estate and a member of the Union Club, it is said to-day, for a legal separation. Mr. and Mrs. Woolsey have not been living together for some time.

The sale of the furnishings of the Woolsey house at 8 Lexington avenue, held yesterday at the Fifth Avenue auction rooms, was interrupted by a deputy sheriff acting in a suit brought by Mrs. Francis Synthes Woolsey, who relieved silverware and furniture as her personal property. The action gave rise to a rumor that Mrs. Woolsey had brought suit for a divorce.

Lawyer Abe Hummel, counsel for Mr. Woolsey, was asked by an *Evening World* reporter this morning if papers had been served in an action for divorce. He replied that there had not been, but when asked if suit had been brought for a separation, he said he would rather not answer.

Shipman, Larocque & Clocate, counsel for Mrs. Woolsey, were equally uncommunicative. It is said that the papers in the case were served about a week ago.

A CYCLONE IN THE SOUTH.

The country is sparsely settled and the loss of life is small. Forest trees were blown down by thousands.

TILDEN HEIRS IN CLOVER.

The Personal Property of the Granary Park Mansion Drawn by Lot.

It leaked out this morning that five of the six New Lebanon heirs of Samuel J. Tilden yesterday to cart away their portion of the personal effects. Samuel, the sixth, was too ill to attend. An expert had divided all the china, bric-a-brac and other valuable articles into six equal shares, which were then drawn by lot by each heir.

The real property will not be divided immediately, as the heirs are satisfied with the present management of the estate. It is estimated that each heir will receive \$500,000 when the division does take place.

MR. WILLIAM OSBORN.
Of Gibson City, Ill.

35 Years of Misery

With Chronic Diarrhea.

The marvellous cure of Mr. Osborn should inspire perfect confidence in Hood's Sarsaparilla. His trouble was undoubtedly caused by an inflamed or scrofulous condition of the intestines, and when Hood's Sarsaparilla removed the cause by eliminating the scrofula and purifying the blood, the inflammation was reduced, and the disease, which had made his life miserable over 35 years, entirely disappeared.

"Feb. 23, 1892."

"To C. I. Hood & Co., Lowell, Mass.:

"About 35 years ago I got overheated while at work in the harvest field, and was sickened for three months. When I got on my feet again I found that I had a bad

KIDNEY TROUBLE

and also chronic diarrhea, which has drawn on me for over 35 years. Think of it! Over 35 years of misery with chronic diarrhea! Why, some days I would go to stool 10 or 12 times, and often at night. I dared not eat anything more than would barely keep me alive. For years I felt my life would soon end. Still I worked hard for 30 years, on a farm most of the

time, and sometimes when ploughing, a cold, clammy sweat would break out on me, and it would seem as though I could not endure labor any longer. In all these years I employed the best physicians and tried everything I could get, but nothing gave me permanent relief. I had

AN IRON CONSTITUTION

or surely I could not have stood the drain upon me. In the fall of 1887 I thought I would try Hood's Sarsaparilla. To my surprise and joy I soon found that Hood's Sarsaparilla was doing me good. I continued to improve until I had used seven bottles, when I was perfectly cured. It is now four years since, and the cure was not only perfect but is permanent. For the past 4 years I have enjoyed life and felt better and younger than in any of the 35 years preceding. I am truly thankful to Hood's Sarsaparilla for my improvement.

YEM, FOR MY LIFE.

"I do not believe I could have lived till now but for this medicine." WILLIAM OSBORN.
